

Aims of these six sessions on main 'six lessons' page.

Objectives for this session – the UK school students will link to and hear from young people in Palestine. (As Walsall has a link with Kobar, we will organise a school link for this session and the previous one with a school in Kobar if possible).

**** CADFA has a lot of experience in organising this sort of link and is respected by the Palestinian Ministry of Education and Higher Council for Youth and Sports. If we know when this session is likely to be, we can organise a partner for this session and next. If there is a relevant twinning partner, we will try and set up a link there. We can help with interpreting. ****

Materials:

- **Internet, computer, camera, speakers/ mike for Zoom link**
- **See slides [HERE](#)**

	Materials
1. UK students meet initially as class group, expecting join the group in a Palestinian school on Zoom after 10 minutes. Recap on what we did last week and ask them what questions they have that they hope the young people in Palestine will answer. Write them down.	Slide to introduce today

<p>2. After 10 minutes, join the Palestinians on Zoom. Explain today is about the Palestinians' presentations. Young people in the UK listen and ask questions with the help of the notes they had prepared.</p>	<p>Zoom, facilitator, interpreter</p>
<p>UK group debrief, say what they learned and how they think it went.</p>
