

# Materials About Palestine First draft

Prepared by CADFA  
For the 'Place Called Home' Project  
Walsall 2022

# For teacher reflection...

## What happens in your school now?

Do you teach about Israel-Palestine in your school?

If so, in what part of the curriculum? In history, religion, PHSE, other?

What is on the wall in your school... do you have flags of other countries? If so, do you include flags of either or both of Israel and Palestine?

Do you have books about Palestinian (normal) life, novels or stories in your school library?

Do teachers know much about the issue?

What is the reaction when young people bring things into the school that are seem to support either Israel or Palestine?

## **Is it suitable for school?**

What is your school policy when students express their views on these issues?  
Put up posters, wear badges, put up flags? Are the answers the same in all cases?  
Is the policy consistent and are you happy with it?
